Kuroshio Honjin, in building the image of the main building of the Edo period Shukueki, supple black floor and pillars on a high note, everyone welcomes you. Can make the whole experience exciting Katsuotataki home baked straw. (In Tosa that Yakiki) Please relish the fresh chopped hot.

You have gathered in the "market town Taisho" is fresh fish went up to the fishing port of Kure, "which none of the morning-noon." It is opened "City" is the evening until about five o'clock every afternoon from about 12 o'clock. It will be held from noon "City" is a fish of which is from noon-drain line up the morning of that day who had just caught. Taisho in the market town, putting out the shop is not only my aunt of fishermen. They sell their own seasonal vegetables and fruits grown by local farmers also my aunt.
