

「i-Campus Meeting」 has been held.

“i-Campus Meeting” has been held at Asakura campus of Kochi University on August 10, 2012.

It has been planned for all graduate students and researchers in Kochi University to have fellowship across different majors and fields. It is initially expected to build their relationships as colleagues of Kochi University as well as to lead to joint research with them by knowing each other.

Dana Ulanova Ph.D., Masanori Kataoka Ph.D. and Kenichi Onodera Ph.D., Specially-Appointed Assistant Professor from IMT project, participated in this event and explained the IMT project and their own research contents.

This opportunity could have promoted mutual understanding between people in different field and specialty within the university.
